Use this daily prayer calendar during November & December to pray for our persecuted brothers and sisters in Nigeria and across the globe.

November is Christian Persecution Awareness Month.

Day 1 Pray for the hundreds of thousands of believers across Nigeria living under the constant threat of violent attack. Ask the Lord to cover vulnerable Christian villages with supernatural protection and break the power of terrorism in the region.

Day 2 Pray for Nigerian pastors and church leaders ministering on the frontlines of persecution. Ask God to grant them bold courage, physical safety, and divine wisdom as they shepherd congregations in high-risk zones.

Day 3 Pray for children in Northern and Middle Nigeria whose education is frequently interrupted by conflict. Ask the Lord to protect their schools, shield their minds from trauma, and reveal Himself to them as their defender.

Day 4 Pray for believers worshiping in secret or in underground churches. Pray for protection over their gatherings, deep spiritual unity, and that the Gospel continues to spread covertly despite hostility.

Day 5 Pray for those recovering from severe physical trauma, injuries, and burns suffered during violent raids on their communities. Ask the Lord to bring miraculous physical healing, ease their pain, and comfort their hearts.

Day 6 Pray for Gospel airwaves and Christian media reaching isolated and hostile communities across Nigeria. Ask the Holy Spirit to use every radio broadcast to open closed minds, soften hardened hearts, and bring seekers to Christ.

Day 7 Ask the Lord to open unreached and heavily restricted areas across Nigeria to the light of the Gospel. Pray for safe passage and bold opportunities for local evangelists seeking to share Christ in dark places.

Day 8 Pray for former persecutors and violent militants who have recently surrendered their lives to Jesus Christ. Ask God to protect them from retaliation, anchor them in grace, and use their testimonies to convert their former companions.

Day 9 Pray for the safety and security of vulnerable farming villages across Plateau, Benue, and surrounding states. Ask God to expose night raids before they happen and grant local leaders wisdom in protecting their people.

Day 10 Pray for the millions of displaced Christians residing in refugee camps across Nigeria. Ask the Lord to provide both physical needs while also bringing deep spiritual and emotional restoration to traumatized families.

Day 11 Pray for the men and women actively inflicting terror and bloodshed upon Christian communities. Ask the Holy Spirit to pull back the spiritual veil over their eyes, disarm their hatred, and bring about miraculous, Saul-to-Paul transformations that glorify God.

Day 12 Pray for the Gospel to penetrate the hearts of nomadic and rural populations across Nigeria. Ask the Holy Spirit to break down generational barriers and bring entire families into the saving knowledge of Jesus.

Day 13 Pray for the Plateau and Benue States, two regions heavily afflicted by persistent, targeted violence. Ask the Prince of Peace to disarm hostile forces, comfort grieving families, and establish permanent stability across these crisis zones.

Day 14 Pray for rural pastors serving isolated villages where the risk of kidnapping and martyrdom is highest. Ask the Lord to shield their families, supply their daily physical needs, and fill them with supernatural resilience.

Day 15 Pray for young men and women in Nigerian seminaries and Bible schools preparing for ministry in dangerous regions. Ask God to deepen their biblical foundation, build unshakeable faith, and protect them as they step into leadership.

Day 16 Pray for the growing population of Christian widows in Nigeria who are left to raise families alone after losing spouses to violence. Ask the Lord to be their protector, comfort their grief, and provide sustainable means for their survival.
